## Autocratization in the USA

### Dismantling Checks and Balances – Concentrating Power

- Trump’s second term can be summarized as a *rapid and aggressive concentration of powers in the presidency.*

### Undoing Civil Rights and Equality before the Law

- The first year of Trump’s second term is marked by offensives on long-standing civil rights protections.

### Seeking to Silence Media, Dissenting Voices, and Academia

- Freedom of Expression is falling to its lowest level since the end of WWII. The decline is driven by a range of documented attacks – from censorship and financial coercion, to legal intimidation and suppression.

## Sverige: normer = varnings signaler ?

- Trollfabrik + attack på TV4 + underminering medier
- Minskning medel/mer styrning av public service
- Ökande hatretorik, attacker på journalister/andra
- Sociala mediers roll/lögner/desinformation ökar
- Underminering av sanning, expertis, medier, akademi
- Ökande religiös intolerans
- Erdogan-dockan, Spionlag, vandel, "DDR-lag", retroaktiv lag
- Reaktion på CRD:s kritik av Tidö
- Politisering av statstjänstemän
- Urholkning-styrning av utredningsväsendet
- Underminering civilsamhälle/folkbildning
- Ungas ökande stöd för autokrati

**Graphing Tools**

The V-Dem Graphing Tools is a platform for making data visualization intuitive, accessible and easy to use. Here you find user-friendly tools specially designed to visualize V-Dem data in various forms depending on your needs and interest. Select one of the tools to start exploring the data.

- Mapping Tool**: Interactive tool that visualize data by creating a color-coded map to view the distribution of scores for an indicator around the world.
- Variable Graph**: Compares multiple countries for one indicator/or index. Select one indicator and multiple countries/regions. The data are aggregated by year.
- Country Graph**: Compares multiple variables/indices for one country/region. Select one country/region and multiple indicators/indices. The data are aggregated by year.
- Country Radar Chart**: This tool displays multiple variables and indices for one country/region in a radar chart. Select one country/region and multiple indicators/indices.
- Variable Radar Chart**: This tool displays multiple countries (three or more) for one indicator/index in a radar chart. Select one indicator/index and multiple countries.
- XY Scatter Plot**: This tool displays two indicators/indices as an XY scatter plot. Select two indicators/indices and multiple countries.
- Regional Comparison**: This tool displays the development of a V-Dem indicator/index in a region between two selected years.
- Thematic Comparison**: Displays the development of a thematic category between two selected years.
